Part III. Rate Schedule No. 68

Title: Demand Adjustment Rider (DA)

PSC File Mark Only

68.0. DEMAND ADJUSTMENT RIDER

68.1. AVAILABILITY

This rider is available to any qualifying non-residential Customer taking service under Rate Schedule No. 6, Large General Service ("LGS") or Rate Schedule No. 8, Large Power Service ("LPS") solely for the purpose of supplying a new, separately metered transportation electrification charging installation that becomes operational after the effective date of this rider. The Customer's charging installation must be for commercial or general use consistent with the nature of the Customer's premises.

68.2. NET MONTHLY BILL

All provisions of the customer's applicable Rate Schedule shall apply except the Billing Demand will be determined as described in section 68.3.

68.3. BILLING DEMAND

In the event the registered demand, as adjusted for the Voltage Adjustment Rider (VAR) as applicable, for a given billing period results in less than a 15 percent load factor based on that billing period's registered energy consumption, the Billing Demand will be adjusted to result in a 15 percent load factor subject to the other minimum Billing Demand provisions of the customer's applicable Rate Schedule.

The monthly Billing Demand shall not be less than the minimum billing demand as defined in the customer's applicable Rate Schedule LGS or Rate Schedule LPS.

Rider DA cannot be combined with any other rider that modifies the kWh or kW billing components, except for VAR.

68.4. TERM OF SERVICE

Customer's term of service under this rider shall be for a period of not more than five years.
