Replacing: Sheet No.

Entergy Arkansas, LLC
Name of Company

Kind of Service: Electric Class of Service: All

Part III. Rate Schedule No. 66

Title: PUBLIC CHARGING FOR ELECTRIC VEHICLES (PCEV)

Docket No.: 22-026-TF
Order No.: 8
Effective: 2/10/23

PSC File Mark Only

66.0. PUBLIC CHARGING FOR ELECTRIC VEHICLES

66.1. AVAILABILITY

Available to anyone charging an electric vehicle ("EV") at an Entergy Arkansas, LLC ("Entergy Arkansas" or "Company") owned public EV fast charging station ("Stations") with output power of 50 kW or greater.

66.2. APPLICABILITY

The Stations are available to the public, and EV charging services may be accessed by any person ("user"). The user is not required to reside within the Company's service territory.

66.3. NET RATE

Applicable rates are defined in Attachment A to this schedule and may be adjusted as needed where market factors change including but not limited to changes in utilization rate, natural gas pricing, and electricity generation cost. The Company will notify the APSC at least 30 days before the change by filing an amended Attachment A.

The costs applicable to the specific Station including the rate per kWh, taxes and charging network provider and idle fees will be visible to the users via the mobile application and/or a display located at the Station. Users will be notified when the charging session is complete via the Company's specified mobile application and the display located at the charging dispenser. A detailed receipt of the charge session will be available to the user.

66.4. PAYMENT

The user must register an account with the Company's specified mobile application and provide payment information prior to utilizing the Station.

66.5. OTHER PROVISIONS

The user shall hold harmless the Company from any loss due to damage or loss to user's equipment, personnel or property arising from or in connection with interconnection with Company's system. The user shall indemnify and keep indemnified the Company from and against all loss, damage and expense which the Company may sustain by reason of or in connection with the interconnection.

All other provisions, and regulations of EAL's Service Regulations effective at the time service is provided shall apply and are not modified by this Public Charging for Electric Vehicles schedule.

Docket No.: 22-026-TF
Order No.: 8
Effective: 2/10/23

Attachment A
Rate Schedule No. 66
Attachment Page 1 of 1
Schedule Sheet 2 of 2
Including Attachment

The following fees are applicable to anyone charging an EV at a Company-owned fast charging EV station according to the provisions of Rate Schedule PCEV effective on and after February 10, 2023:

- | | |
|---|--|
| A. Charging Rate | \$0.35 per kWh |
| B. Vehicle idling fee after 10-minute grace period* | \$0.35 per minute but not more than \$35.00 in total |

* At the Company's discretion, vehicle idling fees may apply at certain Stations located near highway corridors or other highly trafficked areas.

In addition to the fees above, charging network fees, as determined by the charging station network provider, may apply at certain Stations.
