Re: Docket No. 07-016-U Entergy Arkansas, Inc. Integrated Resource Plan Stakeholder Meeting

Entergy Arkansas, Inc. invites you to provide input to the development of Entergy Arkansas, Inc.'s Integrated Resource Plan by participating in a Stakeholder Meeting to be held, Friday, August 7, 2015, at the MISO Energy – South Region building, 1700 Centerview Drive, Little Rock, AR 72211. The meeting will begin at 8:00 a.m. and conclude by 2:00 p.m. Refreshments and drinks will be provided throughout the meeting and lunch will also be provided. Ample visitor parking is available.

Entergy Arkansas, Inc. will submit its updated resource plan to the Arkansas Public Service Commission in October 2015. The Resource Planning Guidelines require a utility's resource planning process to include a Stakeholder Committee whose goal is to develop a report that will be included with the resource plan submittal.

Entergy Arkansas, Inc. is inviting retail and wholesale customer representatives, independent power producers, renewable energy developers, environmental groups, the Attorney General's office, the Arkansas Public Service Commission General Staff and other interested groups to participate in this meeting. Representatives of Entergy Arkansas, Inc. will provide a description of the purpose and objectives of the meeting as well as an overview of the Integrated Resource Planning process, planning assumptions and schedule. Participants in the meeting will then be allowed time to discuss the development of the Stakeholder's Report. By July 15 draft presentation materials will be posted to the Integrated Resource Plan website at [www.entergy-arkansas.com/transition\\_plan](http://www.entergy-arkansas.com/transition_plan).

Please reserve a place by responding to this email by Friday, July 17, to ensure your participation in Entergy Arkansas, Inc.'s Integrated Resource Plan Stakeholder Meeting. Please provide the name, title, and email address of proposed participants from your organization. Because seating space is limited, the number of participants from each organization may also need to be limited. Should you have any questions concerning this invitation, please call me at (501) 377-3540 or contact my assistant, Lissa Russ, at (501) 377-5554, [lruss2@entergy.com](mailto:lruss2@entergy.com).

We look forward to seeing you on August 7.

Sincerely,  
Kurt Castleberry  
Director, Resource Planning and Market Operations
